

Restore Tray

“I wanted for the Restore Series to have a humble character, allowing for it to easily fit into any environment. With its felt material made using fibers from recycled plastic bottles, the Restore Series has a curious and inviting expression while its corner slits bring a distinct look and added functionality to the design.”

— Mika Tolvanen

Designed by	Mika Tolvanen / 2009
About the designer	Mika Tolvanen is part of the Finnish Rehti Design group. After graduating from the Royal College of Art with a Master in design in 2001, Mika established his own design office in Helsinki. He has since worked with some of the world's top designers and manufacturers.
Environment	Indoor
Country of Production	China
Preassembled	Yes.
Description	The Restore Tray brings a new perspective to modern storage, made using fibers from recycled plastic bottles. Available in multiple colors, the design can be used to store documents, utensils, toys and more.
Material	The Restore Basket is made from polymer felt. The material is PET fibers. A percentage of the product comes from recycled plastic bottles, which are granulated, heated and blown like little fibers that are subsequently dyed. The fibers are worked together like mats, which can be pressed over heat-influenced forms that enables the material to maintain its shape.
Cleaning & Care	Vacuum or if necessary use moist cloth.

Restore Tray
