

Workshop Bench

“Design processes can be chaotic. The path to the moment of clarity – namely the final product - often leads through a forest of doubt and disorder. Among growing piles of model foam, dust, cardboard, wood, and coffee you find a surprisingly creative place. Workshop Bench’s design is deliberately simple, almost archetypical, giving it a quiet, clean strength. The solid oak frame harmoniously blends in with the seat and back made of laminated hardwood veneer, eliciting a light yet robust expression.”

Latvia

Preassembled

Yes

Description

The Workshop Bench is a contemporary, playful approach to the wooden bench. It offers a new perspective on a traditional Scandinavian piece of furniture, with a distinct silhouette created by its solid wooden legs and delicately curved seat. An extension of the Workshop Chair, the small 2-seater offers a more sculptural look with simple yet considered details. Designed to stand on its own, it is an ideal addition to a narrow space such as the hallway or as a statement piece in its own right.

Material

The Workshop Bench is made using traditional techniques that emphasize workmanship and detailing. Frame and legs in solid oak, seat and back in form pressed oak veneer — all parts in FSC™-certified wood (FSC-C028824) and coated with a water-based lacquer. Plastic glides. Oak veneer: slight color variations may occur due to the inherent characteristics of the material.

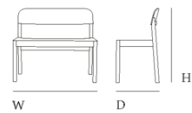

Cleaning & Care

Wipe off with moist cloth and remove excess liquid with dry cloth. The Workshop Bench can be cleaned with alcohol disinfectant. However, please note that wooden products will get patina where the surface color can slightly fade. If cleaning is uneven, this may become even more apparent, yet the lacquer will stay in place. For wooden products in lighter colors, the patina will be less apparent.

Workshop Bench

Dimensions

Height:	79,6 cm / 31.3"
Width:	90,8 cm / 35.7"
Depth:	46,3 cm / 18.2"
Seat Height:	45,2 cm / 17.8"
Seat Depth:	38,9 cm / 15.3"
