

PRODUCT FACT SHEET

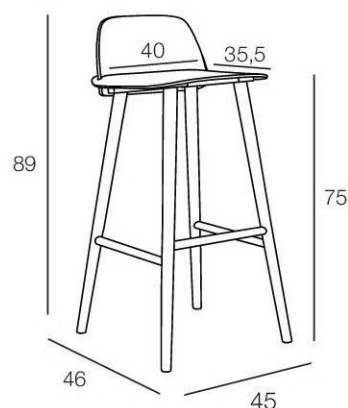

NERD BAR STOOL FURNITURE / LIGHTING / ACCESSORIES

David Geckeler on the design "The Danish simplicity and the iconic expression are combined with a classic perception of a solid bar stool. The shape of Nerd barstool invites the user to sit on the stool from several angles, helped by the soft, curvy plywood shell. The low backrest of the bar stool gives a pleasant support and comfort."

PROCESS	Veneer is form-pressed into shape for the back and seat, and then glued together with the solid wood legs. Then lacquered.
DESIGNED BY / YEAR OF DESIGN	David Geckeler / 2012
